

Accessing Videos and Web pages in Canvas

I have included some videos and websites in this course that requires you to go outside of canvas. Below is how you access such materials.

There are two ways to access material. Click on Modules and then on the specific item you want or click on modules and start with the first item in the module and then click next.

Option 1

The screenshot shows the Canvas LMS interface for a course. The 'Modules' section is expanded, displaying a list of items. The item 'Life's Greatest Miracle' is highlighted with an arrow, and it features a small globe icon to its left, signifying it is an external web page. Other items in the list include 'Chapter 1 Notes', 'Chapter 1: Multiple Choice Quiz', 'Week 1 Discussion 1', 'Module Week 2', 'Requirements for Week 2.pdf', 'Chapter 2 Notes', 'Chapter 2: Multiple Choice Quiz', 'Week 2 Discussion 1', 'Chapter 3: Multiple Choice Quiz', 'Chapter 4: Multiple Choice Quiz', and 'Week 3 Discussion 1'. The bottom of the screen shows the user is logged in as a student and provides options to 'Reset Student' or 'Leave Student View'.

When you see this icon it means a web page has been linked to the course. You will click on it like you would any other portion of the modules. Once you do so, you will see the next screen below.

Option 2

If you start a module on the first item, you can click next at the bottom of the screen and it will take you to the next item in the module.

When you get to the video, you will see the same gray box as you saw in option 1.

Follow example in option 1 from here to access the website.
