

Requirements for Week 3

Required Reading:

- Chapters 3 and 4
- Any notes that may be posted in the Module

Discussion 1

Explain the concepts of Piaget's Cognitive Theory as well as the first stage of his developmental theory that starts in infancy. In general, what are some of the implications for child rearing practices based on Piaget's theory about ways children gain an understanding of the world?

Discussion 2

In the socioemotional development of infants, your text discusses Erikson's first two stages of personality development as well as temperament and attachment theory. Explain these concepts and how they are connected to each other in understanding the infant's socioemotional development.

Quiz for Week 3
